
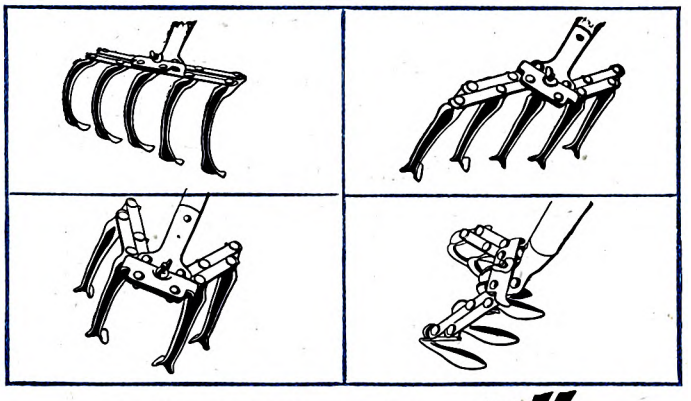
ADJUSTABLE GARDEN CULTIVATOR

BIG PETE, the new member of Peter Pulverizer's family, is sure to make a big hit with gardeners! Here's a fully *adjustable* garden cultivator that's light and sturdy. *Light*—only 2½ lbs.—to help gardeners grow more with less effort . . . *sturdy* to give years of trouble-free service. All adjustments can be made by merely loosening the wing nut, and the clamp block holds wings rigid in all positions. BIG PETE retails for $1.59 (slightly higher in the far South and West). Write *today* for full details.

Peter Pulverizer Prod. INCORPORATED 39 S. Duke St. (Dept. RH) York, Pa.

BIG PETE at full width (9¾") for preparing fine, deep seed bed; pulverizing soil; cultivating wide rows.

Middle tooth removed so that small plants may be straddled for hilling soil around them; also for seed covering.



Adjusted to diagonal sweep for covering seeds or hilling plants. Right and left hand adjustment.

Adjusted for cultivating narrow rows —minimum width 7". Kills weeds and leaves a fine dust mulch.

This clamp block holds wings rigid in all positions. *No tools needed to make adjustments!*
